*"The teachers, tutors, and staff are patient, friendly, and always willing to help me. I have learned so much English in a very short time. I will always remember the wonderful people I met through the program."*

—Andres Tobon, Colombia

## LIEP CURRICULUM

Our English instruction focuses on written and spoken communication with a thorough grounding in grammar. Classes meet five days per week for a total of 20 weekly hours. An initial placement test will determine your level of study.

**THE INTERMEDIATE LEVEL** includes class exercises that improve your listening skills, verbal fluency, writing skills, and reading comprehension. Audio and video materials, field trips, and cultural activities teach you to independently participate in U.S. life on campus and in the community.

**THE ADVANCED LEVEL** includes an integrated, academically rigorous curriculum of written assignments, oral presentations, discussions, debates, and dramatizations that familiarize you with U.S. customs and culture. Field trips—perhaps to a theater, the French Quarter, or a court of law—offer students firsthand experiences of U.S. life.

## PILOT PROGRAM: COURSES FOR CREDIT

Qualified advanced LIEP students can take Loyola University courses to earn academic credit, further their understanding of U.S. language and culture, and prepare for success in undergraduate and graduate university programs. Pilot students take two academic courses along with two LIEP courses. Go online for more information about qualifications: [www.loyno.edu/cie/pilot-program](http://www.loyno.edu/cie/pilot-program)

## SPECIAL PROGRAMS FOR GROUPS

LIEP also offers programs for groups from universities, agencies, or other organizations, including international corporations.

## TUTORS: VALUABLE FRIENDS

LIEP tutors are advanced, native-English-speaking Loyola students who have a special interest in language teaching and other cultures. You meet individually with your tutor twice a week for conversation outside the classroom. Your tutor can advise you about day-to-day concerns, as well as customs and culture in the United States. Tutors often become valuable friends—many LIEP students keep in touch with their tutors long after they have returned to their home countries.

## FACULTY: EXPERIENCED AND CARING

All LIEP instructors have a minimum of a master's degree as well as extensive training, international traveling, and experience in teaching English as a second language.

*"What I like best about LIEP is that the teachers and the tutors really care about my progress. They take personal pride in my rapid improvement."*

—Guido Fassbender, Germany

*"My tutor was my best friend away from home. I learned a lot of English by doing fun things with her outside of the classroom. Thanks to her, I learned a lot more than just English."*

—Mayumi Joko, Japan

## NEW ORLEANS: AN INTERNATIONAL CITY

New Orleans is a charming international city famous for its music and festivals, its beautiful architecture, and its restaurants that offer Creole-style creative cuisine. Jazz, rhythm and blues, and many other kinds of music can be heard everywhere, in clubs and on the street. Festivals, such as Mardi Gras and the New Orleans Jazz and Heritage Festival, attract visitors from around the world.

## UNIVERSITY FACILITIES

LIEP students enjoy the same privileges as regular Loyola students—full access to the library, health center, residence halls, dining and recreational facilities, as well as on-campus concerts, ballets, lectures, theatre, film series, and social events. LIEP students are encouraged to join clubs, exercise classes, and intramural sports teams.

## CULTURAL ACTIVITIES

LIEP offers many opportunities to learn outside the classroom. Orientation programs, tours, and other extracurricular activities introduce you to U.S. customs, history, traditions, and the culture of New Orleans. There are many opportunities to hear jazz, Cajun, and Dixieland music, and to attend films, lectures, and many other types of activities on and off campus.

## HOUSING: LIVE ON CAMPUS

Loyola's residence halls provide a safe and secure environment as well as opportunities to make friends with U.S. students. All rooms are double rooms, and LIEP students are placed with English-speaking roommates. Apply early since space in the residence halls is limited.

Many apartments are available near campus if you plan to stay in New Orleans for a longer period of time. We recommend, however, that you initially live on campus.

The **Loyola Intensive English Program** (LIEP) prepares students from around the world to use English in academic, professional, and social settings.

LIEP provides students an intimate atmosphere in which they receive individual attention both in and outside of class.
